

MEETING THE PROJECT MANAGEMENT CHALLENGE

2004

Biography

Steve Xander

Deputy Program Manager - SEU and NMP Programs
NASA GSFC

Mr. Xander is the Deputy Program Business Manager of the Structure and Evolution of the Universe & New Millennium Program of NASA's Goddard Space Flight Center in Greenbelt, MD. He shares the responsibility with the Program Business Manager for the development and management of project management systems for eight satellite development projects within the SEU/NMP Program.

Prior to this position, Mr. Xander served as Head of Flight Programs and Projects Directorate Business Management Office. Prior positions outside of NASA include Systems Accountant at the U.S. Customs Headquarters, Supervisory Accountant at the Army Research Laboratories and Operating Accountant at the Defense Fuel Supply Center. Mr. Xander has a B.S. degree from the Benjamin Franklin University in Accounting and is a member of the Project Management Institute (PMI) and College of Performance Management (CPM).
